04 May, 2026

AI-POWERED PERSONALIZED STUDY ASSISTANT

CS 492 Final Presentation

Alper Biçer – 22003097
Berfin Örtülü – 21802704
Farabi Sina Sari – 22102084
Gülferiz Bayar – 21901442
Kerem Demirören – 22203380

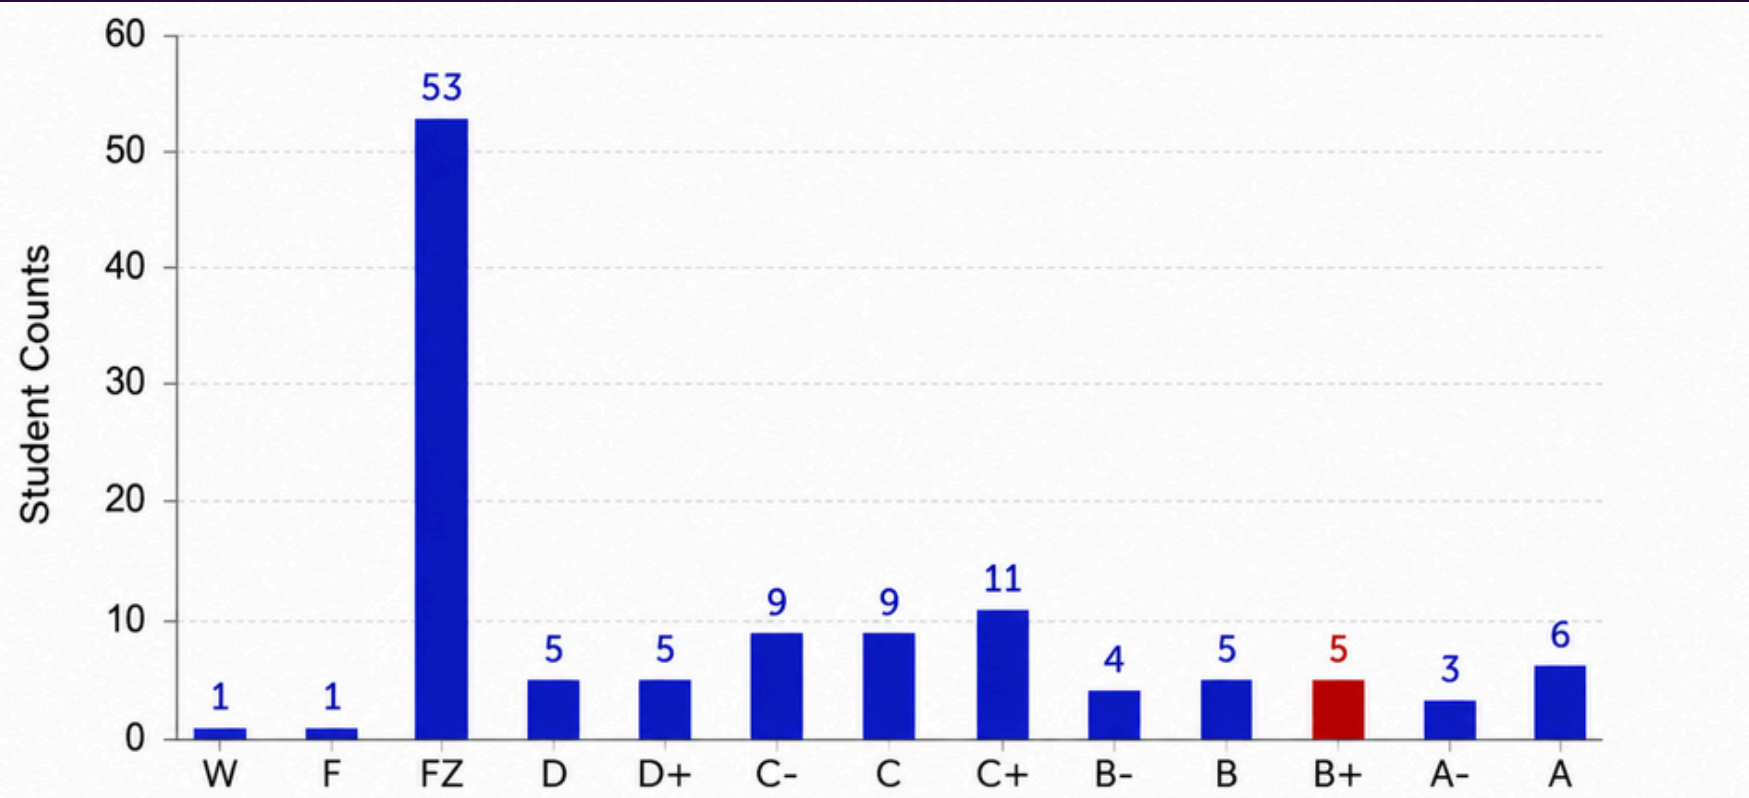

Course Instructors: Mert Bıçakçı, İlker Burak Kurt

Supervisor: Uğur Gündükbay

THE PROBLEM

Students don't just need more time to study. They need better planning. However, most tools today do not adapt to individual needs, which leads to inefficiency and loss of motivation.

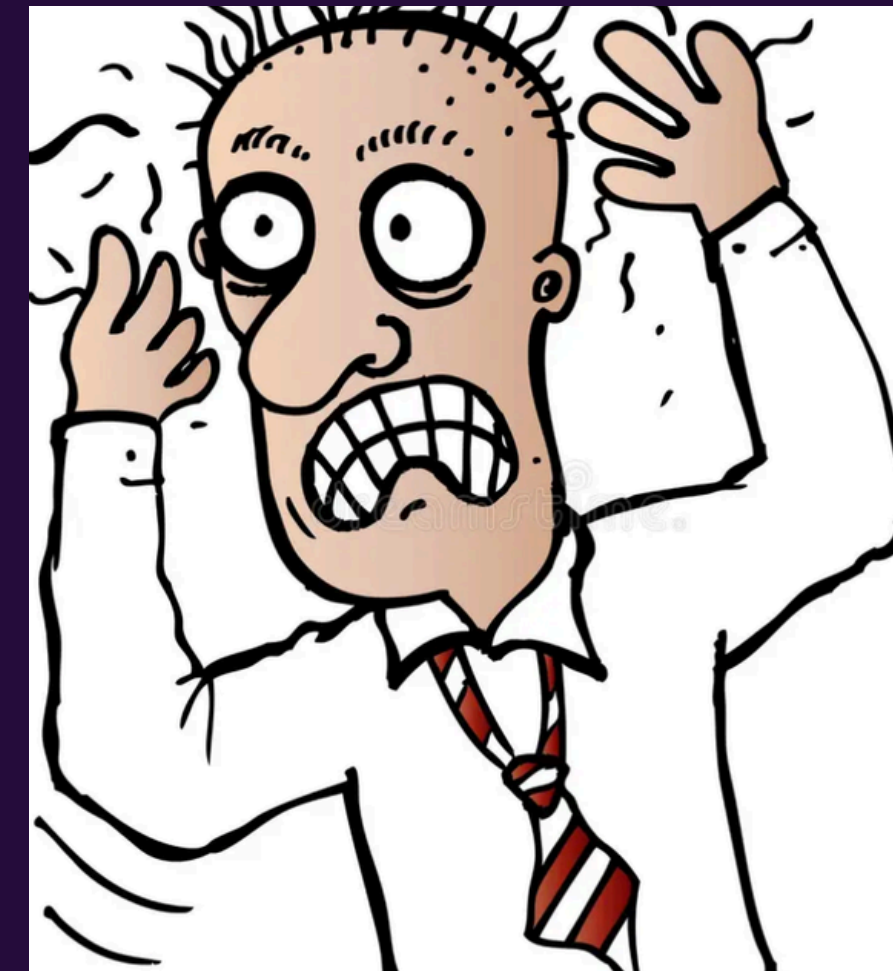

- LACK OF PERSONALIZED STUDY PLANNING
- LOW MOTIVATION AND CONSISTENCY
- ONE-SIZE-FITS-ALL SOLUTIONS
- EMOTIONAL FACTORS

FINALS week

"I'm thinking that now is a good time to start those tutoring sessions."

THE IMPACT

- **INEFFICIENT LEARNING OUTCOMES**
- **HIGHER STRESS AND BURNOUT**
- **INCONSISTENT STUDY HABITS**

OUR SOLUTIONS

1

AI-based personalized scheduling

2

Adaptive and dynamic study plans

3

User-centered design

4

Integrated social interaction

MEET MENTORA

STUDY BETTER, NOT HARDER.

04 May, 2026

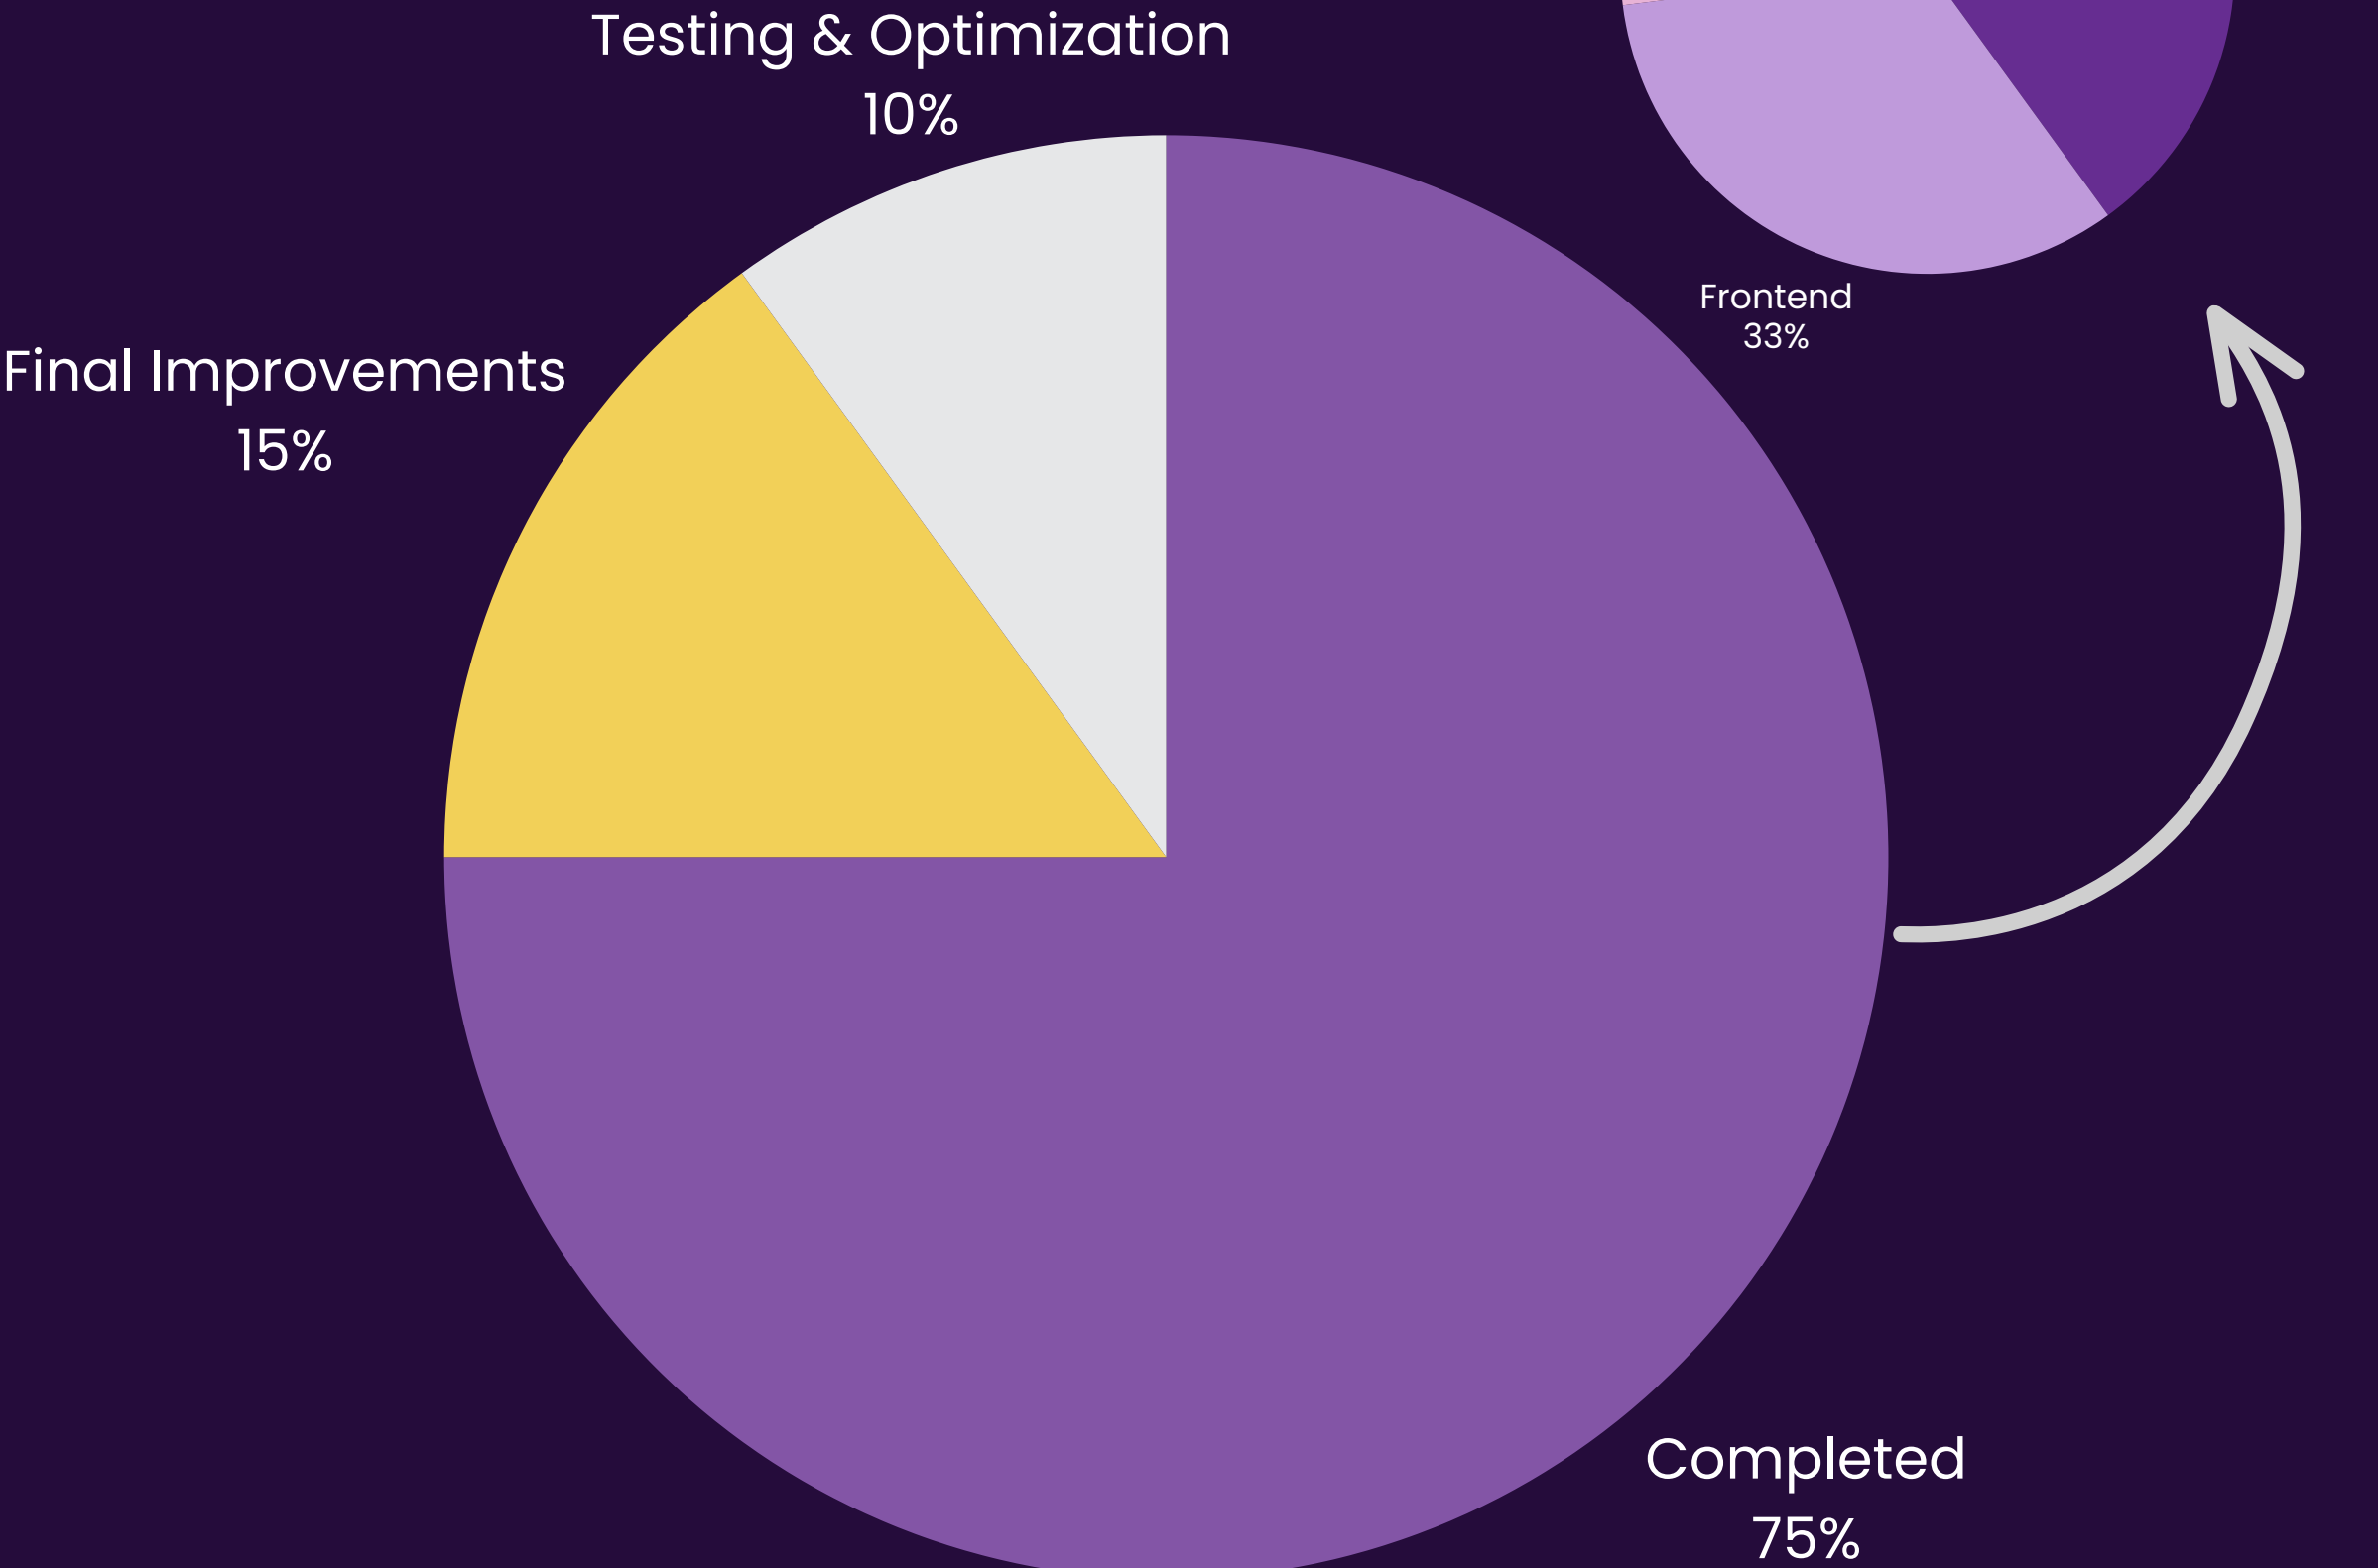

PROJECT STATUS OVERVIEW

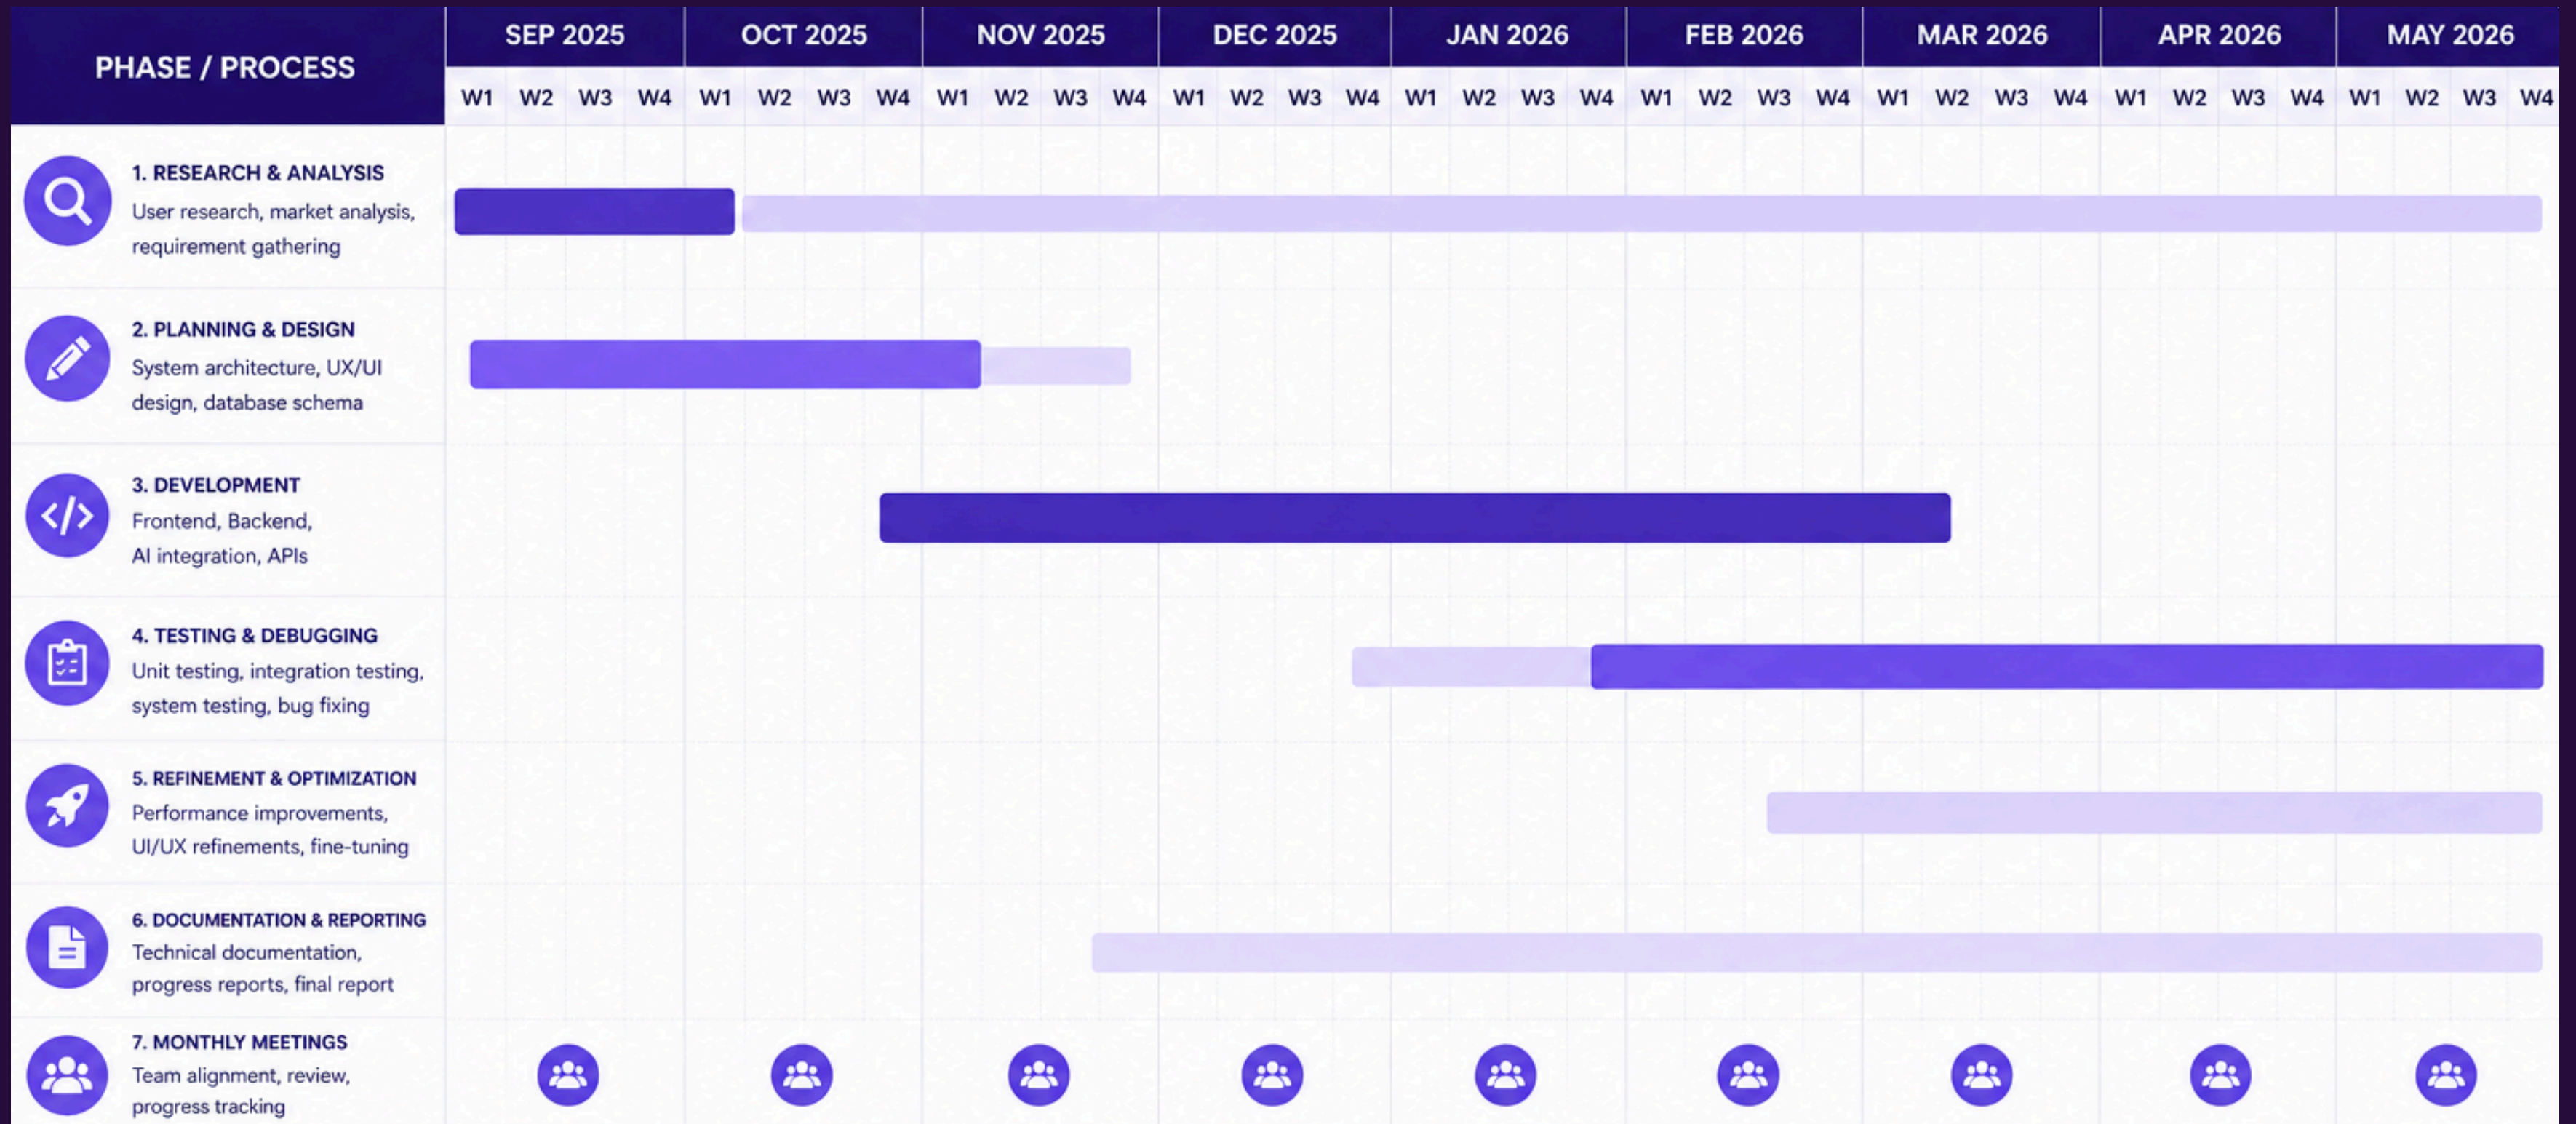

At this stage, most of the system has been completed. The remaining work focuses on final improvements and testing to ensure quality.

PROJECT HEALTH CARD

	Overall Progress	 On Track
	Schedule	 On Track
	Quality	 Good
	Risk Level	 Low
	Team Performance	 Strong

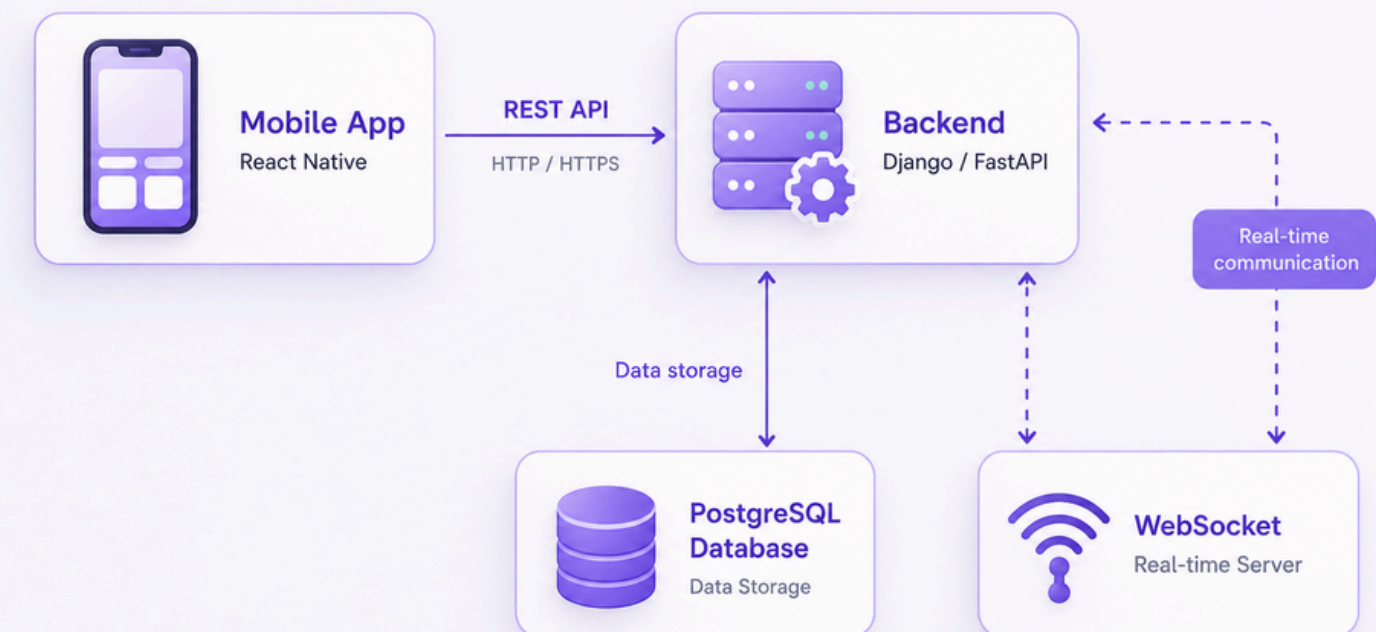

Timeline: September 2025 – May 2026

CORE FEATURES

- 1 Smart Schedule Generation**
- 2 OCEAN Personality Adaptation**
- 3 Real time Messaging and Social Interaction**
- 4 Dynamic and Adaptive Study Experience**
